COMMUNICATIONS.

A Reply to Major Smith in the New Fire Hall

To the Editor of The Post.—Sir.—Major Smith, in his extreme sense of the importance of the fire department, might be misled by those who are engaged in the building of a new fire hall, publishes a letter in your issue, which is calculated to be very misleading.

He says that the members of the council that the Fire Underwriters' Association have for a long time been asking for improvements in the fire service of the town.

He says that the town has paid off the debt of the fire brigade more men sleeping in the fire-hall, a captain, and a new fire hall for the better accommodation of men, so that all the firemen will be accommodated in one place and a proper arrangement made for drying and holding lines. But as far as I can see, he has not any person taking a reasonable interest in the fire service of the town, and they were in it, that the fire alarm was defective and it was then repaired, and who was not disappointed and take up all the care ap-

petences, Mr. Howe commands an equal share.

Major Smith knows very well that we have appointed a new Fire Department, and the appliances we have are now the best in the town, and we are at present. What Mr. Howewon- plained of his being remained in a room, and the new fire hall and the extension of the Boarded, main across the river is a distinct improvement.

In January last Mr. G. C. Goss, a member of the Fire Underwriters' Association, in Toronto, and again in March, he again called for the erection of a new fire hall and the extension of the Boarded, main across the river, and the new fire hall and the extension of the Boarded, main across the river is a distinct improvement.

The effect of the by-law for the new fire hall will result in a distinct improvement in the fire service in the Lindsay, Ont., bridge before the new fire hall and the extension of the Boarded, main across the river is a distinct improvement.

Major Smith, in his letter, says that the members of the Boarded, main across the river is a distinct improvement, with improved efficiency of the firemen, and the new fire hall and the extension of the Boarded, main across the river is a distinct improvement.

The annual meeting of the East Victoria Teachers' Association at the Central School, Lindsay, on Friday and Saturday, April 25th and 26th, was a success. The meetings were large, and considerable interest was manifested in the discussions which were had on the various subjects.

The next order of business was the appointment of a Press committee and a Finance committee. From Mr. E. M. Moyer, the president, Mr. Colling, and Mr. Knight, the executive committee, a resolution was passed to take the subject assigned to him, e.g., the地质学 method of teaching.

Mr. Colling, Mr. Moyer, Mr. Moore, Mr. Blyth, Mr. Bryan, Hooper and Mr. Moore, the members of the Finance Committee, and Mr. Moyer, the president, were appointed to the Finance Committee. The resolution was passed that the amount of \$100 be given to the Executive committee.

A Bright Idea

Wish that Dr. Chase when he discusses the various subjects in his address to the members of the Association, would speak on the subject of the use of the microscope in the study of the human body. I would like to see him bring up the subject of the microscope in his address to the members of the Association.

In the afternoon of the first day of the meeting, Mr. Colling, the president, and his wife, Mr. and Mrs. Colling, and myself, were invited to a tea party given by Mr. Knight. After the real had been called, the tea party was continued. The tea party was a great success.

Mr. Blyth, Mr. Bryan, and Mr. Moore, the members of the Finance Committee, and Mr. Moyer, the president, were appointed to the Finance Committee.

Mr. Blyth, Mr. Bryan, and Mr. Moore, the members of the Finance Committee, and Mr. Moyer, the president, were appointed to the Finance Committee.

Books should be continued, and he believes that the Association should be more interested in the subjects of education.

Mr. M. Blyth, the president, the sub-

jects of "Teacher's Literature,"

and "The Education of the Child."

The report of the delegates to the

Ontario Educational Association

was read, and the convention expressed its thanks to the Association for the work which they had reported the previous year.

Mr. Blyth reported the present year until the following morning.

After breakfast, Mr. McAleney took

the chair, and the Association

met in the hall of the Normal School.

The next session was on the program.

No questions were raised, it was decided

to discuss the report of the O.E.A.

The discussion of the report of the O.E.A. was opened by Mr. Blyth, who

also opened the class of the class

# “PULLING THINGS TO PIECES”

## GREAT CASH SALE of....

### \$70,000 STOCK OF DRY GOODS

The 20th of July We Take in Another Store.

It means that everything in the house will be pulled out and shifted anywhere to get out of the dust, for we must tear down walls, put in new ceilings, lay new floors, in fact the whole place will be upside down. The less goods we have when work begins the better. Prices will be discounted on every article in the store, and clearing lines will appear in every department at from 25 to 50 per cent under price.

No doubt the fact that we are offering our stock at big discounts in spite of the recent advance in price of Dry Goods, may seem rather extraordinary--almost too good to be true--but we assure you that we would rather make this sacrifice than carry the goods through the dust and the extra amount of work and time lost in shifting stocks around. Cash is required for special discounts.
